

8th November 2022

Dear Parent/guardian,

The Big Street Survey-Year 4 pupils

I would like to inform you that as part of Road Safety Week, the active travel charity Sustrans has organised for Year 4 pupils to take part in a session called The Big Street Survey on Friday 18th November. This will require some fieldwork, where we will be going outside to observe how safe the streets are around our school and what we could to improve them.

As it is getting nearer winter, the days are that little bit colder so please could you ensure that your child has appropriate clothing for the weather conditions. Please make sure they come to school with a warm or waterproof coat, extra layers and potentially evens hats, gloves and scarves.

As part of the session, Sustrans may wish to take photographs. Please fill in the attached photo consent form to confirm that you do not object to having pictures taken of your child.

This should be a great activity to get your child thinking about what they could do to make a difference in their local area!

Kind regards,

Mr Bagwell
Headteacher
