Year 1, Summer 2

Paws, Claws, Whiskers & Fur

Science

This half term we are learning about animals. We will begin our topic by looking at categorising animals according to how they look, where they live and what they eat ; Fish, birds, reptiles, amphibians and mammals. We will be explore animals that live in the UK and Australia. We will learn the differences between herbivores, carnivores and omnivores

Key Vocabulary:

D+T

In D+T this half term we will be looking at designing a zoo with Australian and UK animals. We will create a plan using labels to identify materials we will be using. We will think about the most suitable tools and materials to use, and accurately measure and cut different shapes.

Geography

In Geography we will be exploring the country Australia. We will be learning about the size of Australia and how towns are positioned. The extreme weather patterns that Australia can experience. Aswell as human and physical features such as Three sisters, Wave Rock, Uluru, Sydney Opera House and Sydney Harbour Bridge.

Science & Geography

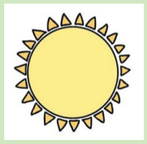

We will be learning to collect data and make observations about the changes in weather we will experience through Spring and Summer, We will be keeping a weather diary and record the changes in day length, temperature and rainfall.

season	A time of the year when the weather follows a certain pattern.
weather	A description of what the conditions are like in a particular place at a particular time.

summer

foggy

rainy

sunny

cloudy

spring

frosty

windy

Art

We will be learning about the artist Queenie McKenzie known for her aboriginal art. We will be taking inspiration from her work and creating our own dot painting. We will be experimenting using dots and swirls around our landscape.
